CAREER Pathways

Corporate Management & Leadership
Aim for executive positions where you can transform the future of various industries through strategic decision-making with a broad corporate perspective combined with a view of disruption and entrepreneurial edge.

Entrepreneurship
Join a scaling company or start your own firm with the industry knowledge and practical skills needed to develop an effective business plan, secure funding, and manage operations to create a business model for success.

Technology Management & Strategy
Drive technological innovation by using your skills to help companies develop and implement technology strategies and optimize technology within your organization.

Investment Banking & Private Equity
Shape the future of finance by driving growth and helping organizations raise capital, make strategic acquisitions, and structure complex financial transactions.

Operations & Supply Chain Management
Optimize efficiency by improving operations and supply chain management in manufacturing, logistics, and related industries.

Real Estate Development & Management
Our MBA program positions you to leverage your business acumen and knowledge in developing and managing properties and real estate projects.

Non-Profit Management & Public Administration
Make a tangible impact on social and public issues by applying your knowledge to management and leadership roles in the non-profit and public sectors.

Healthcare Management & Administration
Excel in a management role in hospitals, clinics, and other healthcare organizations by using your business skills to improve efficiency while bettering patient outcomes.

Work with Businesses Globally on Real World challenges

At International Business University, we're committed to preparing our students for a lifetime of positive impact and success. Along with traditional assessments and class assignments, our MBA program incorporates real-world case studies, consulting projects, and capstone opportunities to allow students to apply their knowledge in practical settings.

To ensure our students are well-equipped for the job market, we provide work placement support through placement coordinators who will help students identify and apply for prospective placement positions. In addition, we have established partnerships with employers, academic institutions, and community and government entities that can provide jobs or internships to our MBA program students.
